SolvPro®

Why Choose SolvPro®?

CUSTOM NUTRITIONAL PROFILE

We work closely with your team to achieve the desired PDCAAS score, protein level, and amino acid composition.

ATTRIBUTE OPTIMIZATION

Flavor, solubility, digestibility, and color are all fine tuned for a more enjoyable consumer experience and labeling requirements are adhered to with the best solution(s).

ECO-FRIENDLY STATUS

SolvPro® systems are available in organic, natural, and non-GMO formats. They can also contain upcycled ingredients to meet sustainability goals and appeal to eco-conscious customers.

SENSITIVE TO THE CONSUMER

Choose from a wide variety of protein sources to cater to those with allergens, intolerances, or sensitivities.

Perfect your product with a SolvPro® formula created just for your unique needs.

Discuss a project opportunity or challenge with Osage Food Products today.
