- ✔ Halal Certified
- ✔ Prop 65
- ✔ Vegan Friendly
- ✔ Gluten Free

Category Guide:

Bitter - neutralizes off notes from ingredients such as caffeine, amino acids, botanical extracts and natural sweeteners

Bitter (Cannabis) - inhibits unwanted notes inherent in cannabinoids

Earthy - conceals off notes that are naturally occurring in plant proteins and botanical extracts

Metallic - blocks unwanted notes coming from the goodness of vitamins, minerals and natural sweeteners

Sweet - creates a "clean" sweet flavor profile that you crave from real sugar

Custom - create a custom masking solution for your specific application with our flavor specialists

Packaging:
Powder - 25kg (55.115lbs) /carton
Liquid - 10kg (22.046lbs) /polyethylene drum

Dosage:
Osage Flavors understands that every formula is unique and created with a purpose. Share your formulation challenge with our knowledgable team and we will provide you with the guidance needed to commercialize your concept.

Contact Osage Flavors with your flavor challenges.
We'll be happy to send you a sample of one of our masking agent options so you can experience the Osage Flavors difference for yourself!
